Parents Details:

Father name: Nampalli Krishna (Expired)

Mother Name: Nampalli Jyoti

Staying with mother in a rented house and his mother is a daily labor

Monthly income: Rs.3000 (38 Euros)

Family History: The boy's Father was a carpenter and he died with full blown AIDS in 2009. Later mother has an allergy and other pulmonary problems. She had a HIV test and was HIV positive. Gopichand has a younger sister who is also HIV positive. The Mother was taking care of the children. she was unable to work on a regular basis as she became weak and was infected with Pneumocystis. She died in December 2014. Right now the children are staying at the grand parents house. The economical condition at house is poor and unable to meet the nutritional and medical needs of Gopi Chand and his sister.

Child history: Gopi Chand is tested for HIV in January 2013. He is an active boy. Right now Child's health started to deteriorate with many infections and recurrent fever recently, we had a T4 count and at present the CD4 count is ok. Gopichand wants to study and do a good job. He likes to visit different places and play around.

Present health condition: Weak and stable, Growth below normal, underweight and normal height.

**With his mother and
sister in 2014**
